Hi Douglas,

Sorry to bother you with this but two months ago we sent the link for the Big Bend aquifer exemption documentation to CA to assist them with the AE process. I don't recall this being a problem two months ago when we sent the link, but I was just contacted by them and they noted that the link is saying "Restricted Access" and requiring an EPA password, etc. I tried the link myself, and also to try to find the documents on your Region 8 homepage, but I had the same problem. I tried to enter my EPA passwords, etc., but the system would still not grant me access. If you have a .pdf file of the documents that are within that link, would you kindly send along?

Thanks.

Sincerely,

Michele

Hi Michele,

Can you help us get a copy of this document. It is Restricted Access and looks like one needs to have an EPA LAN ID to get a copy. Thanks.

Jerry

Subject: Additional example of AE request to EPA Region 8

Hi Rob,

It was suggested to me that an even better example of an aquifer exemption request submitted to Region 8 is available through the link below. In any event, I think both examples help to show that a more narrowly focused application/request is the goal. If you are around next week, let's plan to have a brief conversation to follow up on our meeting and the two examples we sent in case any additional questions arise.

Have a good weekend.

David
